KENCREST'S MEANINGFUL LIFE INITIATIVE

KenCrest has a formal agency-wide programs for living that ensures each and every one of the individuals we support and their families and/or guardians are provided with opportunities for service, supports and personal relationships in the manner they want and need to support them to lead a happy, healthy, and full life in the community they desire.

The Meaningful Life initiative supports the guidelines offered in the Everyday Lives: Values in Action guide and principles provided in Charting the LifeCourse Framework.
