

## What Our Families Are Saying about the KenCrest Early Learning Centers:

***"It's a wonderful place. When you leave your child at school you can feel confident he will be cared for in a proper way with guidance and love."***

*"I thank the teachers in my son's classroom for all their time and patience, for making my child who he is now."*

*"I really appreciate the time and dedication the teachers and aides put aside in their day to teach my son the beginning fundamentals of life."*

***"My child has two of the best teachers I could ask for. I appreciate everything they do to help my child succeed. I would recommend them to anyone!"***

*"Since my child started attending the school I have seen a big difference in things she knows and her behavior. I'm very pleased with the time and efforts the teachers and assistants take with my child. Thank you."*

### **A Scholarship Recipient's Story**

Kareema's son has attended the Kensington Early Learning Center for 2 years. She is a working single mom, who was having trouble paying for childcare. Two months before her funding from CCIS came through, KenCrest was able to provide her son a scholarship which included after-school care so Kareema was able to keep her hours at work. **The EITC scholarship filled the gap for her family.** She even told others about the opportunity in case they were in similar situations. Looking back, Kareema said, ***"It was like God was right there looking out for me, it was truly a blessing."***
